June 12, 1990 (Jess' Birthday)

I was reading D+C 4.

My prayer: "Lord I give my life to you. What would you have me do day by day?"

Answer "Build personal relationships with your children. Build faith in Me in them. Your desire to take them to the East on a church history trip is a righteous one. Be firm in it & work with all your might to accomplish it & I will be with you & open the way for you.

Consider it a mission & a call from Me for the benefit of the faith & testimony of your children. No sacrifice is too great to make for Me in their behalf. Make

through preparation before hand & trust in Me. If you'll work hard & not be idle I'll open the way. Make it a family project & get the cooperation of your

Your children need to know & appreciate their heritage
